

41st NS14 NATIONAL CHAMPIONSHIP

Proudly Supported by

28 December 2009 to 3 January 2010
 Waterloo Bay, Manly, Queensland
 Hosted by
 Darling Point Sailing Squadron.

REGATTA UPDATE

Well, the regatta is fast approaching and a lot of work has been going on to try and deliver the best possible regatta we can, given our limited funds and small team of dedicated NS14 sailors. From the outset, delivering the 41st NS14 National Championships would have been very difficult indeed, without the support of your regatta sponsor, **Hylec Energy Solutions**.

In October we had a trial run with the Queensland Titles being conducted from the venue, Darling Point Sailing Squadron; in relation to race management, brilliant, given the trying conditions and you can be assured you will be in for some really good sailing on beautiful Waterloo Bay.

From someone who understands what the financial impost has on the family budget travelling to a regatta, fuel, accommodation, meals etc., we have tried to ease the burden on the hip pocket a little bit, by making it as cheap as possible for you in the following manner;

- A discounted entry fee of \$100, up to and including 30 Nov 2009, which includes 2 tickets to the presentation evening. *Entries received after 30 November are tiered (see below), such that should a flood of entries be received at the last minute, we will be capable of making provision for additional rescue boat facilities.*
- For a family of 2 adults + 1 or more children, it will only cost you \$25 to attend the welcoming BBQ
- A free New Years Eve breakfast
- Free lunch packs to competitors

Nomination postal marked, or received by direct credit up to and including 30 Nov 2009	\$100:00
If postal marked, or received by direct credit up to and including 7 Dec 2009	\$150:00
If postal marked, or received by direct credit up to and including 14 Dec 2009	\$200:00
All others post marked or received 15 Dec 2009 and after	\$250:00

As previously mentioned we are only a small team of dedicated NS14 sailors and given the provision of food is an important component of the regatta, we acknowledge it would be very difficult for us to find enough willing and committed volunteers to manage all the catering requirements. It is for this reason we have contracted a caterer to manage this on our behalf and whilst it is costing us money to do this, I am particularly pleased to announce we can deliver this service and hopefully, contributes in some small way to making your visit a pleasurable one and helps ease that burden on the hip pocket.

With respect to catering, we can announce the menus for each event will be as follows;

Regatta Shirts

As mentioned in the NOR footnote, we would like to make available to you regatta shirts, however, the Qld Association is unable to cover the cost of purchasing the shirts upfront on your behalf. As such, regatta polo shirts will need to be pre-purchased and a minimum of 20 pre-paid orders will need to be received by 30 November 2009. To ensure your regatta shirts will be available for you at registration, an order needs to be placed with the fabricator no later than, 1 December 2009; unfortunately, if we don't receive a minimum of 20 pre-paid orders, then your shirts will not become available until the end of January 2010, as the factory will be closed for business over the Christmas New Year period, and due to our inability to purchase the shirts upfront on your behalf, we have no option but to carry over placing an order until January 2010.

As a matter of course we will be taking shirt orders during the regatta, however, there will be an additional \$10 delivery fee added, and again the shirts will not be available until the end of January 2010.

So to help us out here, spread the word and talk to your fellow sailors and get your regatta shirt orders in. Embroidered regatta shirts will be \$35 each and at the end of this update, you will find an order form together with respective information regarding the shirts

Photography

I'm sure you all like to see photos of your boat and/or action shots; as such enquiries have been made into photographic coverage of the regatta. To have a professional photographer undertake this, will cost us on average, a retainer of \$1000. Again, this is something the Qld Association cannot fund. However, we are continuing the search for someone with an interest in photography that would be prepared to take photos over the course of the regatta and preferably at no charge. So keep an eye out for the next regatta update, where I hope to be able to tell you, bring a USB stick, so you can download photos and take them home with you.

That's about it for this update; I trust this information has been informative and don't forget,

your discount entry fee period expires
30 November 2009

Yours in sailing,

Nev Murray
